Do you use the time-tested and high-quality StrongBox slide system? If so, then the **StrongBins** range of rubbish sorters is for you. 3 assemblies with different container volumes and self-opening lids ride on these slides. If not, thanks to the combination of proven quality and interesting price, they will surely attract the rest of you.

### Package contents:

- manual, which also serves as a marking template for drilling the slides,
- StrongBox full-extension design with damping,
- metal sides and basket lid,
- containers made of durable plastic.

## Non-slip mat

The technology for the kitchen is manufactured to minimise noise. For drawers with particleboard bottoms that slide and the dishes stored in them rattle as they move, there are non-slip mats that prevent unwanted noise.
