

Ostrava, July the 24th, 2019

Subject: Declaration of Conformity

Based on your request regarding the assurance of the "Declaration of Conformity", we would like to inform you that furniture fittings are not subject to mandatory certification by the test institute. This provision results from Act 22/1997 and Government Decree 163 / 2002 Sb. which stipulates (in Annex 2) the list of products subject to certification. Furniture fittings are not included in this list (except building fittings) and are thus excluded from the approval process.

Ing. Radim Danisz
Product Management Director
