

LEHNUM for Dial Lock

ACTA PLUS ©König + Neurath – www.koenig-neurath.com

TECHNICAL DETAILS

3D-BADGE DOMINGS		ALUMINIUM TAGS		WRITE YOUR OWN PAPER TAG
Option 1	Option 2	Option 1	Option 2	Write your own paper tag
<p>The self-adhesive 3D-badge doming can be affixed directly into the frame.</p>	<p>Insert the transparent tag carrier into the frame until it snaps into place. The self-adhesive 3D-badge doming is fixed on to the tag carrier.</p>	<p>The self-adhesive aluminium tag can be affixed directly into the frame. For renumbering, simply place a new aluminium tag on top of the existing one (possible 2x in this way).</p>	<p>Insert the transparent tag-carrier into the frame until it snaps into place. The self-adhesive aluminium tag is fixed on to the tag carrier.</p>	<p>First insert the printed or hand-written paper tag into the tag carrier. Then insert the transparent tag carrier into the frame until it snaps into place.</p>

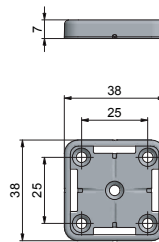

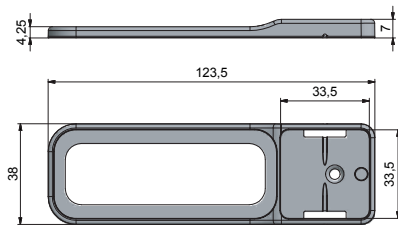

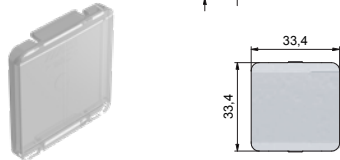

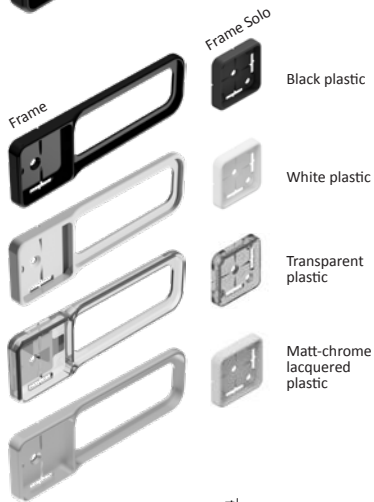

Depending on the material of the door, the frame can be additionally secured with a screw.

The tag carrier can be removed with the removal pin.
